Greystone is a bentgrass facility, ideally located on 215 acres of rolling hills. Seven ponds allow you the opportunity to support your favorite ball manufacturer, and 86 bunkers enable you to test the seamier side of your vocabulary. And the greens, while deep and beautifully manicured, are fast and can be tricky. Greystone is one of the top courses in the greater Baltimore area.

www.sunspot.net (July 15, 2003)

Greystone's championship course includes 140 feet of elevation changes and features seven ponds and more than 80 bunkers. The tall hardwood trees, wetlands, and native vegetation add an abundance of character to the design.
