KEN OLIVER

MAKING COUNTY GOVERNMENT WORK FOR OUR COMMUNITY

*Families in the Northwest Area have the highest income in Baltimore County. Yet our schools, roads, parks, and public services lag far behind. We need someone who knows the system to make the system work for **us**. Ken Oliver's experience, integrity and intelligence make him our only choice for County Council.*

Right on the Issues, Right for Our Community

- Eliminate overcrowding in schools
- Increase funding for education, roads and local services
- Fight overdevelopment
- Create new business and jobs

We Need Real Experience on the County Council

- Former Chair, Baltimore County Planning Board
- Adjunct Professor, Coppin State College
- Board Member, Hannah More School
- Former President, Liberty Randallstown Coalition
- Board Member, Northwest Hospital Center
- Former Board Member, Baltimore County Human Relations Commission
- Former Line Worker, General Motors, Assembly Division
